Education

01.2024 – Present **PhD, Applied Cryptography & Privacy-Preserving Authentication**
University of St. Gallen, Switzerland.
PhD Thesis Topic: *Privacy-Preserving Primitives for Location-Based Services*

10.2022 – 12.2023 **MSc, Theoretical Computer Science and Control Theory**
Aristotle University of Thessaloniki (AUTh), Greece, (GPA: 9.55/10 "Excellent").
Master's thesis: *Cryptography based on Learning with Errors*

09.2020 – 01.2021 **Semester Exchange in UFR de Math et d'Info (Erasmus)**
University of Strasbourg, France.

10.2017 – 03.2022 **BSc, Mathematics**
Aristotle University of Thessaloniki (AUTh), Greece, (GPA: 8.50/10 "Excellent").
Bachelor's thesis: *Cryptography in the Post-Quantum Era*

Publications

2026 **Privacy-preserving Proximity Testing from Geometric Fuzzy Matching**
Florias Papadopoulos, Ioannis Katis, and Katerina Mitrokotsa.
In *Proceedings of the ACM Asia Conference on Computer and Communications Security (ASIA CCS '26)*, pp. 472–488, Bangalore, India. doi:10.1145/3779208.3785374

Work Experience

01.2024 – Present **Research Assistant**, *University of St. Gallen*, St. Gallen, Switzerland.
Research interests: provable security, post-quantum cryptography, and privacy-preserving protocols, with a focus on privacy-preserving proximity tracking and collision avoidance.

10.2021 – 01.2022 **Intern**, *Hellenic National Meteorological Service*, Thessaloniki, Greece.
- Analyzed data from worldwide weather stations and satellites.
- Co-wrote and co-presented a research paper on the Vardaris Wind.
- Used Excel, Surfer, and PowerPoint for data processing and visualization.

Fellowships & Awards

02.2025 – 01.2029 **CYD Doctoral Fellowship,** *Cyber-Defense Campus, armasuisse Science & Technology*.
Project: *Privacy-Preserving Primitives for Proximity Tracking and Collision Avoidance*

Teaching

Teaching Assistantship

Spring 2024-2026 **Cybersecurity**, *BSc. Computer Science, University of St. Gallen.*
Spring 2024-2026 **Technologies: Data Security and Privacy**, *Contextual Studies (MSc), Uni. of St. Gallen.*
Fall 2024, 2025 **(Advanced) Cybersecurity**, *MSc. Computer Science, University of St. Gallen.*
Fall 2024 **Security Protocols & Applications**, *BSc. Computer Science, University of St. Gallen.*
Spring 2024 **Secure and Private Computing**, *MSc. Computer Science, University of St. Gallen.*

Thesis/Project Supervision

Fall 2025–Present **Thesis Co-supervision**, *BSc. and MSc. Computer Science, University of St. Gallen.*
Co-supervision of two MSc. theses and one BSc. thesis on cryptography and cybersecurity topics.

Spring 2025, 2026 **Secure and Private Computing**, *MSc. Computer Science, University of St. Gallen.*
Supervised two implementation projects yearly based on cryptography and cybersecurity research.

Teaching Workshops

09. & 11.2024 **Exploring Sustainable Teaching**, *University of St. Gallen.*

06.2024 **Supervising and Assessing Student Writing**, *University of St. Gallen.*

06.2024 **Crash Course Teaching and Learning in Higher Education**, *University of St. Gallen.*

Academic Service

06.2024 – 06.2026 **Tenure and Promotion Committee**, *University of St. Gallen.*
Evaluated internal promotion applications (Assistant to Associate, Associate to Full Professor).

2025 – Present **"What is?"– PhD Seminar Series**, *School of Computer Science, University of St. Gallen.*
Co-organizer of monthly seminar series for PhD students.

2025 – Present **Subreviewer**.
IEEE TDSC 2025 (×2), Indocrypt 2025, GameSec 2025, CANS 2025, ACM AsiaCCS 2025 (×2), APKC 2026, ACNS 2026 (×2), Cluster Computing 2026

Talks & Academic Activities

Invited / Contributed Talks

06.2025 **Privacy-Preserving Proximity Tracking for Drones**, *Cyber AlpRetreat 2025*, Davos.

2022 **Cryptography in the Post-Quantum Era**.
- Graduate Seminar of Mathematics Students, AUTh (Thessaloniki, 10.2022)
- 12th International Week Dedicated to Maths, Helexpo (Thessaloniki, 05.2022)
- Seminar on Theoretical CS and Discrete Mathematics (Online, 03.2022)

Schools & Workshops

06.2025 **CASA Summer School 2026**, *Ruhr University Bochum*, Bochum, Germany.

06.2025 **Cyber AlpRetreat 2025**, *Cyber-Defense Campus*, Davos, Switzerland.

09.2024, 04.2025 **Swiss Crypto Day**, *University of St. Gallen (#1), Università della Svizzera italiana (#2).*

06.2024 **Introduction to Quantum-Safe Cryptography**, *SLMath + IBM Research*, Switzerland.

05.2024 **ReCAP 2024: Cryptography and Privacy for the People**, Tufts University (hybrid).

05.2023 **MEGA-ACE NTUA Summer School on Blockchains**, Spetses, Greece.

02.2023 **ISCwsISC 2023 on Secure Computations: ZKP, MPC & FHE**, Online.

06.2022 **2nd Congress of Greek Mathematicians**, *NTUA*, Athens, Greece.

Other

05.2026 **Panel Speaker**, *HSG School of Computer Science Conference.*
Shared insights from my PhD experience.

2021 **Volunteer Translator, Mathematics Problems (English to Greek)**, *AUTh*, Greece.
Among the 25% of volunteers who undertook additional work.

Miscellaneous

Languages Greek (native), English (fluent), French (advanced)

Interests Travelling, Hiking, Bouldering, Spelunking
